

# WOW, WHAT A YEAR

2019-2020 YEAR IN REVIEW  
#LSF35thAnniversary #InThisTogether

## **We kicked off the year as a celebration.**

This marks Lawrence Schools Foundation's 35th anniversary. When the foundation was begun in 1985, only the most optimistic would have known the impact it has had on students and educators through the years.

## **Then the pandemic changed everything.**

Our celebration plans were put on hold, and we shifted efforts to meet the heightened needs of students and families brought on by COVID-19. We worked with our community and corporate partners to serve free community breakfasts and lunches — 34,286 of each in April and May alone, continuing until students could be back in school physically. Your gifts are so important in our work to inspire learning and enhance teaching.

## **Turns out the pandemic didn't change everything.**

### **This is still a year for celebration.**

We did what we always do — we rallied support from our community to meet the needs of students and educators. We faced this crisis together. We make a difference every day. And that's something we all can celebrate.

DEAR FRIENDS,

The Lawrence Schools Foundation is 35! While our year might not have been anything we expected, we're always willing to rise to the challenge to ensure students, teachers and staff are supported. We've done a bunch of new things this year — but we still provided innovative teaching grants, even adding a second application timeframe to provide more flexibility for teachers to apply. We also provided \$60,000 in scholarships to students continuing their education in a very different world than when they started their senior year.

We are so proud of our resilient administrators, teachers and staff for stepping up to the challenge of shifting their teaching methods in an unprecedented way.

We believe our schools are the cornerstone of our special community. We are truly thankful for all the families, business owners, public officials and, of course, district leaders and educators, who provide hope during these tough times. Thank you for continuing to support the Foundation. We look forward to brighter times ahead.

Dena Johnston, Executive Director

To put it mildly, 2020 has been a year for the history books. The Lawrence Schools Foundation turned 35 in the midst of a global pandemic that shuttered schools and businesses, affecting our lives, our health, and our community in ways we couldn't imagine at the start of this calendar year. And just like our teachers and administrators, students and families, the Lawrence Schools Foundation took on things we've never tackled before.

The Foundation coordinated meals for students and coordinated a PPE drive, on top of all the things we're known for — teaching grants, teacher and staff awards, scholarships, and meeting everyday needs of students and their families. The Foundation is a vital lifeline for our students, parents, and teachers now more than ever. I'm so proud of the work this organization has done this year. Because of the community's continued support, the Foundation will continue to bolster future generations and help ensure the high quality of Lawrence Public Schools.

## WE CELEBRATE STUDENTS AND TEACHERS

Our mission is to inspire learning and enhance teaching. Students are our future, and our future is bright! During the 2019-2020 school year, we recognized four student champions and administered more than \$60,000 in scholarships. Investing in those who teach is vital, too. More than \$27,000 was granted during the year for innovative projects and other specific needs related to promoting and sustaining student achievement, and \$20,000 more was gifted to teachers and staff in recognition of their excellent work. We salute students, teachers, staff, administrators and families for their resilience always — and this year particularly.

## WE CELEBRATE THE EARLY CHILDHOOD PROGRAM

The Lawrence Public Schools Early Childhood Program started in the district 27 years ago with one classroom at East Heights Elementary, and has expanded through the years. In 2019-2020 the Early Childhood Program served more than 300 children, including children enrolled in PreK and the half-day Special Education/Peer Model classrooms at Kennedy Elementary,

as well as the PAT (Parents As Teachers) and Tiny-K early intervention models. Lawrence Schools Foundation has always had a huge role in the program's growth.

*William Dann, 1937-2020, was a long-time friend to Lawrence Schools Foundation. His lead gift helped establish the Early Childhood Program in 1993, and his regular gifts have been integral to its development. We will ensure that we continue to honor Mr. Dann and his generosity on behalf of children in our community as we continue to support the William Dann Playtown inclusive playground at Kennedy Elementary.*

## WE CELEBRATE COMMUNITY PARTNERSHIPS

We know that strong schools are a hallmark of a strong community. So we work to build community partnerships through civic involvement and good old-fashioned honest conversation. We also do this through inspiring events like the Community Education Breakfast, the Foundation Follies, the Expanding Performing Arts Access Dinner, Ovation! and more. The pandemic put a kibosh on our 2020 public events, but also gave us space to think about reframing them in a new way to align with our mission and vision. This sparks interest in our schools and generates momentum for the cause — inspiring learning and enhancing teaching. And everybody benefits.

*In case you're wondering, many of the photographs included in this annual report were taken prior to the pandemic, when it was safe to be close together without wearing face coverings.*

The Lawrence Education Achievement Partners (LEAP) program establishes and facilitates mutually beneficial partnerships between community businesses/organizations and schools to enrich learning by sharing knowledge, time, and resources. Partnership activities — reading to students, connecting classroom activities to work life, job shadowing, mentoring and more — are tailored to the needs in each school and the interests of the organization/business.
