## Staff Development Grant

### *Build Your Knowledge With A Staff Development Grant*

Former Superintendent Dr. Knox believed that "staff development is an investment, not a cost." The Carl Knox Endowment Association was founded in the 1980's to honor Dr. Knox and to provide opportunities for staff development. This organization evolved into the Lawrence Schools Foundation, which has continued the tradition of awarding grants to educators each year at the Foundation Follies.

The foundation will present (2) \$500 grants each year!

Grants may fund professional development experiences, such as summer institutes or action research, mentoring experiences or lesson study. Professional development must improve practice, curriculum and student achievement, and recipients must put professional leadership into practice by sharing what they learn with their colleagues.
